

Advance-Nilfisk Part

Advance-Nilfisk Parts - Imagine how long and tedious it would be to clean-up right after a party, without help from machines. Previously, the dirt from carpets and upholstery had to be beat out of them manually; cleaning cloths, brooms, and brushes were the leading cleaning products back then.

The founder of Nilfisk-Advance, P.A. Fisker, started as an electrical engineer who really liked to work on electrical motors. After establishing his business during 1906, he began to produce motors to drive drills, coffee grinders, fans and machine tools. Mr. Fisker's dream from the start was to have a global business advertising products worldwide.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning trade. Mr. Fisker invented a incredible, ground breaking vacuum cleaner which could be operated by one person since it just weighed 17.5 kilos! This creation came in a time where numerous cleaning equipment were very big and needed 4 or more operators, therefore, the Nilfisk C1 changed everything and developed the method we clean forever. The brain behind these first cleaning machines remains unparalleled. Cleaning equipment provide a brilliant solution to an ongoing crisis; things get dirty and have to be cleaned on a regular basis, without too much effort.

Slowly, the business Nilfisk-Advance grew all through the years. During the early 1980's the business developed more rapidly when the business became a part of the NKT Group. With new owners on board, they concentrated on driving Nilfisk-Advance ahead within the business, trying to be an active worldwide player in manufacturing professional cleaning machines. Nilfisk-Advance is now located in all parts of the world by steadily acquiring lots of small businesses to be able to grow their product range and presence in new markets. They are really proud to provide a variety of cleaning solutions to fit each need.
