

Concrete Hopper

Concrete Hopper - This accessory is a self-dumping hopper which automatically activates to unload as bumper release touches the side of a dumpster. Once dumping is done, the hopper returns to a locked and upright position. This particular piece of machinery even comes together with a cable that enables operation from the seat of the forklift in order to have the choice of manually unloading the hopper. There is a locking chain provided to be able to secure the hopper to the fork truck. This particular product is constructed with reliable and consistent robotic welds for maximum strength. The lift truck dumping hopper also has a blue powder coat finish to maintain durability.
